The Cost of Denying Creation

Every day our young people are bombarded by the teaching of evolution. Surveys show what a detrimental effect this has on their faith!

When the clear meaning of the Creation and the Fall in Genesis are undermined either by teaching evolution as fact, or by failing to teach Biblical Creation in six natural days about 6000 years ago, the likely result is to often doubt the Truth of the Biblical text.

Many times this detrimental impact actually comes from within the church. Judy's presentation will demonstrate the importance of providing Biblical Creation teaching in the local church.

Judy's passion for Biblical Creation has lead her to complete specialized training in teaching Biblical Creation & to be the founding President of the **Denver Society for Creation**. She is retired from John Deere Corp. where she was involved in the areas of IT Architecture & Project Management.

PPCF sponsors a monthly educational meeting in Creation Apologetics & Biblical Creation Science

**@ 1 to 2:45 P.M.
on 2nd Saturday of the
month**
