***The Cost of
Denying
Creation:
The Faith of
our Children***

Every day our young people are bombarded by the teaching of evolution. Surveys show what a detrimental effect this has on their faith!

When the clear meaning of the creation and the fall in Genesis is undermined either by teaching evolution as fact, or by failing to teach Biblical creation, the effect is clear.

As we lose the God of the Bible as our Creator, we also lose Him as our absolute moral authority. The result is the deterioration of our culture, morals, and faith! What can parents and grandparents do? Join the battle to save the faith of our children!

Judy's passion for Biblical Creation has lead her to complete specialized training in teaching Biblical Creation, especially to our youth, & to be the founding President of the **Denver Society for Creation**. She is retired from John Deere Corp. where she was involved in the areas of IT Architecture & Project Management.
