

Mechanics & Limitations of Radioisotope Dating Methods

Pastor Tim Dane

Many in the non-Christian world believe that radioisotope dating proves the idea of an “old earth,” a necessary part of evolutionary thinking.

A basic understanding of these methods have revealed severe limitations that render them effectively worthless in proving the old earth view.

Pastor Dane is currently Senior Pastor at Mesa Hills Bible Church, one of two host churches for PPCF. He attended The Master’s Seminary where he completed degrees in—M.Div. and Th.M. He also recently completed his Ph.D. degree from Baptist Bible Seminary in Clarks Summit, Pennsylvania.

While at Mesa Hills Pastor Dane helped to co-found Front Range Bible Institute (FRBI) - a local ministry to help prepare pastors and lay-persons for the Christian ministry. FRBI includes course study in the subject of Biblical Creation. Pastor Dane is personally a key advocate for this Biblical Truth.

PPCF

**Pikes Peak
Creation
Fellowship**

PPCF sponsors a monthly educational meeting in Creation Apologetics & Biblical Creation Science

**@ 1 to 2:45 P.M.
on 2nd Saturday of the
month**
